Winemaker Notes

As the first sparkling wine in the history of Adirondack Winery, the winemaking team had to approach this bubbly wine a bit differently than the popular line of fruity-infused still wines that are currently produced. The aspects of carbonation level, sweetness, foaming retention, and the perfect hue of rose color from the blending wines all played an integral part in the months-long research and development of Lakeside Bubbly and subsequent releases. Being lighter in residual sugar than most of our semi-sweet wines helps the pronounced carbonation foam in a glass and lets the raspberry aroma and flavors shine.

A LOVE OF WINE AND FAMILY has brought us back to our roots in the beautiful Adirondacks to share our award-winning, locally-handcrafted wines with friends new and old. From our family to yours, thank you for being a part of our story and for letting us be a part of yours!
